International Joint Executive Program in Project Management (11th Batch) (2014)

Organized jointly by the Centre for Project Management and Construction Law, Department of Building, National University of Singapore and the Centre for Excellence in Project Management, University of Moratuwa, Sri Lanka (23 June 2014 to 3 July 2014)

The 11th session of the International Joint Executive Program in Project Management was organized jointly by the Centre for Project Management and Construction Law, Department of Building, National University of Singapore and the Centre for Excellence in Project Management, University of Moratuwa, Sri Lanka between 23 June 2014 and 3 July 2014. The executive program was held in NUS with site visits and seminars delivered by a team of experts covering a range of topics that include Project Management, Project Planning & Scheduling, Quality Management, Productivity Management, Managing Professional Consultancy Services, Design & Communications Management, Dispute Management, Project Finance, Procurement Management, Risk Management, Project Appraisal & Evaluation, and International Project Management. Apart from visiting the office of a prominent project management consultancy firm, the delegates also visited a MRT project in Tampines and the Southbeach project in Beach Road.

Delegates came from both the public and private sectors of the construction industry in Sri Lanka. The 11th session of the executive program comprised delegates from the Ceylon Petroleum Storage Terminals Limited, Ministry of Petroleum Industries, Ministry of Economic Development, the Road Development Authority, Ceylon Electricity Board and major construction firms. The executive program was a huge success and plans are now firmly in place for NUS Department of Building to host the next program (12th Batch) in 2015.

Prof Willie Tan, Head, NUS Department of Building, welcoming the delegates.
