Vijay has a B.Sc. in Agricultural Sciences from India, a M.S. in Human Nutrition & Food Service Management from the University of Nebraska-Lincoln and an M.B.A. from the Keller Graduate School of Management of Chicago.

Yazeed has 19 years of experience in Facilities Management (FM) of mission critical facilities such as airports, hospitals and data centers. He started his career with Keppel Engineering (now known as Keppel FMO) in 1994 immediately after his graduation from NTU. Among his operational roles during his 13 years stay with Keppel, Yazeed served as a Senior Manager to oversee the Healthcare and Aviation Divisions, locally as well as overseas projects in Middle East and India. In Sodexo for the last 5 years, Yazeed provides FM support, advice and expertise to Zone and Operational teams in Asia, Australia, Middle East and Africa. He is the in-house subject matter expert for FM and provides technical services (in terms of procedures, tools, technical proposals and audits) to the operations teams.

Yazeed has Bachelor of Engineering (Electrical) from Nanyang Technological University and Master of Science (Electrical) from National University of Singapore.
